Question	Yes	No	Comments	Additional Information
Business License and Registration Compliance				
Is the business registered with the Minnesota Department of Health?				All businesses selling hemp-derived cannabinoid products must be registered. See Hemp-Derived Cannabinoid Products (www.health.state.mn.us/people/cannabis/edibles/index.html)
If the business offers on-site consumption, do they have a liquor license?				Local authorities issue on-site consumption licenses. These are required for all businesses permitting on-site consumption of THC.
Product Compliance – All Products				
Does the business ensure that all sales are made to persons 21 years old or older?				Only persons 21 years of age or older may purchase hemp-derived cannabinoid products, with the exception of topicals. These products may be sold to anyone.
Does the business have all edible cannabinoid products, except beverages, behind the counter or in a locked cabinet?				Businesses must ensure all edible cannabinoid products are secure and inaccessible to customers.

Question	Yes	No	Comments	Additional Information
Only delta-8 and delta-9 are allowed for human consumption. Does the business sell edibles or beverages with any other intoxicating cannabinoids?				MDH has identified products containing many different intoxicating cannabinoids, such as HHC, THC-O, THC-P, PHC, delta-10, delta-11, delta-8p, delta-9p, etc. The product must contain only delta-8 and/or delta-9.
Does the business sell any edible products that are similar to a product marketed to or consumed by children?				Edible products that appear similar to candy or snacks marketed toward or consumed by children are not allowed.
Does the label on the edible or beverage state “Keep out of reach of children”?				All products must include the warning label “Keep out of reach of children.”
Is the manufacturer’s name, address, website, and contact phone number included on the label or provided through a QR code?				If not, the product is not in compliance.
Does the QR code on the product bring the user to a Certificate of Analysis on the website, which includes the name of the independent testing laboratory, cannabinoid profile, and product batch number?				All products must be tested by batch in an independent, accredited laboratory. The results must include the cannabinoid profile.
Does the label on the product indicate the cannabinoids by serving and in total?				The label must indicate the potency by individual serving as well as in total.

Question	Yes	No	Comments	Additional Information
Does the label on the product make any claim the product offers any kind of health benefit?				Health claims are not permitted on hemp or cannabis products unless approved by the FDA. At this time, there is not an approved statement.
Does the label on the product state that the product does not claim to diagnose, treat, cure or prevent any disease?				The manufacturer cannot claim the product will provide any health benefit unless the product has been formally approved by the FDA.
Does the business sell CBD (or other forms of cannabidiol) in the form of a softgel, tablet, or tincture?				Non-intoxicating cannabinoids may only be sold in the form of an edible, beverage, or topical. Therefore, softgels and tablets cannot be sold. Tinctures must be labeled as either an edible or beverage and comply with the edible or beverage requirements.
Product Compliance – Edibles				
Does the edible product contain more than 5 mg delta-8 and/or delta-9 per serving?				Edibles may not exceed 5 mg delta-8 and/or delta-9 per serving.
Does the edible product package/container contain more than 50 mg total THC (delta-8 and/or delta-9)?				Edibles may not exceed 50 mg total delta-8 or delta-9 per package. The edible cannot contain any other form of THC or intoxicating cannabinoid.
Are all the edible product's servings clearly marked, wrapped, or scored <u>on</u> the product?				Edible product servings must be clearly distinguished on the product. Bulk products that require the consumer to measure are not allowed.

Question	Yes	No	Comments	Additional Information
Does the business sell any edible products in the shape of bears, worms, fruits, rings, ribbons?				Edibles in shapes that appeal to children are not allowed.
Is the edible product in a child-proof, tamper-evident, opaque container?				All edibles must be in a container that is child-resistant and tamper evident. If the container is clear, the business must place the edible into an opaque bag at the point of sale. Clear bags are not allowed.
Product Compliance - Beverages				
Does the beverage product contain more than 5 mg delta-8 or delta-9 per serving?				Beverages may not exceed 5 mg delta-8 and/or delta-9 per serving.
Does the beverage product contain more than 2 servings?				Beverages cannot exceed two servings, regardless of the THC potency.
Is the beverage product in an opaque container?				If the beverage is in a clear container, the business must place the beverage in an opaque bag at the point of sale.
Product Compliance – Smokables (non-flower)				
Does the business sell vapes, pre-rolls, dabs, or other smokable products which contain more than 0.3% THC?				<p>A product’s certificate of analysis will show the concentration of THC the product contains. The certificate typically is found through the QR code on the product package. In MDH’s experience, most vapes contain 50% - 90%+ THC.</p> <p>Pre-rolls may consist of raw hemp flower. These products are not regulated by 151.72. However, if a pre-roll is labeled as “infused” or “coated” have additional cannabinoids applied to the material, of which the product typically exceeds the 0.3% THC limit.</p>

Question	Yes	No	Comments	Additional Information
Does the business sell vapes, pre-rolls, dabs, or other smokeable products that contain other intoxicating cannabinoids, such as HHC?				MN Statutes do not allow any cannabinoid, other than delta-8 or delta-9, to be sold if the cannabinoid is intended to alter the structure or function of the body. HHC is a cannabinoid known to have potency greater than THC.
Does the business sell vapes, pre-rolls, dabs, or other smokable products which contain CBD?				Non-intoxicating cannabinoids cannot be smoked, vaped, or inhaled.
Product Compliance – Flower				
Does the business sell raw hemp flower?				<p>Raw hemp flower must contain 0.3% or less of delta-9 on a dry weight basis. Products exceeding 0.3% delta-9 dry weight are marijuana, and are illegal for sale.</p> <p>THC-A is the non psychoactive precursor to delta-9. Once heated THC-A converts to delta-9. In that process some amount of THC-A is lost.</p> <p>To determine whether, once heated, the hemp flower will exceed the allowable 0.3% of delta-9, one can use a decarboxylation formula which takes into account the conversion of THC-A into delta-9.</p> <p>That formula is as follows: Total THC = (0.877 X THC-A) + d-9 THC)</p> <p>Raw flower must include a certificate of analysis to show testing below 0.3% delta-9.</p> <ul style="list-style-type: none"> • A lack of a certificate of analysis would constitute an illegal sale.

Question	Yes	No	Comments	Additional Information
				<ul style="list-style-type: none"> A certificate of analysis showing that under the decarboxylation formula that delta-9 would exceed the 0.3% threshold would also indicate the flower is cannabis and not hemp and therefore being sold illegally.
Product Compliance – On-Site Consumption				
If the business offers on-site consumption, do they serve the edible or beverage in its original packaging?				The business may not pour out or remove an edible from its original packaging.
If the business offers on-site consumption, do they mix a cannabis-infused beverage with alcohol?				The business may not mix cannabis-infused products with alcohol.
If the business offers on-site consumption, do they permit customers to remove from the premises products which have been removed from their original packaging?				Products which have been removed from their original packaging cannot be removed from the premises by the customer.
